PIN Limits Increased

Effective July 1st, PIN limits have been increased. You no longer need to notify us of transactions over \$612!

- **Cash App, Venmo, and P2P Payments**
P2P transactions have a secondary limit set by SHAZAM, our fraud monitoring service
- **Traveling With Increased Limits?**
Wherever possible, make payments using the EMV chip in your debit card. Your EMV chip helps verify transactions while traveling
- **Transferring Between Accounts**
If transferring between multiple ECU accounts, ask about enabling account transfers within Online Banking - skip the apps and use our website fee free

Please call (920) 729-2999 with any questions.

Notice of Fee Schedule Changes - Effective July 1st

On July 1st, changes were made to our fee schedule. Our service fees require adjustments from time to time to match increased costs of business. Fee increases were determined after a survey of other area credit unions.

View the complete fee schedule on our website at <https://www.evergreencu.com/fees/>. Physical copies are available upon request in person or by calling at (920) 729-2999.
