Debit Chip Cards have arrived!

If you had an active ECU debit card, your new chip card should have arrived in June. Your new card includes the latest chip technology which provides an added layer of security and greater protection against fraud for purchases made at the point-of-sale. Your card continues to have the traditional magnetic stripe on the back, allowing you to use it at merchants without chip-enabled terminals.

If you were waiting for the new chip card before ordering a debit card, please call the credit union to place your order!

You can now use our Evergreen Credit Union mobile app for these amazing features:

- Lock and unlock your debit card on demand to protect from unauthorized transactions
- Set spending alerts for any amount you want, including card not present transactions
- View your checking account balance associated with each card in one easy screen

We Grow A Row for St. Joe's

The next time you visit the credit union, take a peek at our Bucket Garden! We Grow A Row for St. Joe's in order to provide fresh, locally grown produce for those in need in our community. Our bucket garden is a sustainable initiative as it makes use of our parking lot space that wouldn't otherwise be productive.

Welcome Back Felicia!

Felicia has recently rejoined Evergreen Credit Union as a loan officer. You may remember Felicia as a Member Service Representative helping you with your everyday transactions. Electric Vehicle Drive and Ride

Stop by Evergreen Credit Union on Wednesday, July 24th between 10am and 3pm to learn more about electric and hybrid vehicles at our EV Ride and Drive event.

In partnership with Wisconsin Clean Cities, RENEW Wisconsin, and Cool Choices, electric and hybrid vehicles will be on display at the credit union for an open discussion on EV myths and facts. See what it takes to own and charge one with our electric charging station. Best of all, you will also get the chance to test drive one! Evergreen Credit Union offers special rate discounts for electric and hybrid vehicles if you decide electric is the perfect match for you.
