

A BI-ANNUAL PUBLICATION FOR THE BENEFIT OF EVERGREEN CREDIT UNION MEMBERS

Announcing A Second Location

We know you have been asking for a very long time: when are we going to build a second location? The wait is over, and we are proud to announce an additional Evergreen Credit Union branch in order to serve our members into the future and beyond.

Expanding out from Fox Crossing, we will be opening a new office on Richmond Street, just north of College Avenue. Designed to mirror Evergreen's mission to become the most environmentally responsible credit union in the nation, the streamlined facility is being built to provide a central point of service for members living throughout the Appleton area. Look for us and our brilliant solar array!

Construction began in June. The building is anticipated to be finished in December 2020, with opening scheduled for January 2021.

We hope you can join us on this exciting journey. Updates and additional information will be posted on our website and Facebook page.

e-Documents and e-Signatures

Your next visit to the credit union may look a little different! In June, we rolled out e-Documents and e-Signatures. This includes electronic signature pads. These features allow you to sign documents from anywhere, and view digital receipts of your transactions at home. Less paper, less visits, and they're all saved in one convenient place in our online banking platform.

This upgrade also includes access to My Virtual Strongbox (VSB), a secure file storage solution. You can find VSB in It's Me 24/7 and use it to save and send sensitive documents in protected and controlled manner. Look for it under the "My Documents" tab.

If you are not yet enrolled in online banking, this is the time to make the jump! Give us a call at **(920) 729-2999** and we will help get you set up.
